

Course Dashboard

The Course Dashboard Home Page

The Course Dashboard on the Schoology home page enables you to display all your courses as a tiled list. From the Course Dashboard, click any one of your courses and go directly to its main landing page.

You can also access the Recent Activity area, which remains the default home page for all Schoology accounts. Users can set the default display from Account Settings, but can still toggle between both displays.

Setting the Default Home Page

All users can set the default home page for their own accounts to the new Course Dashboard display or the Recent Activity display. If the setting is not customized, the default display remains Recent Activity.

Setting the Default Home Page for your Account

1. Click the down arrow next to your name, and select **Settings**.
2. In the Other Options section, select **Recent Activity** or **Course Dashboard** from Set Home Page To.
3. Click **Save Changes** to apply.

Organizing the Course Dashboard

Drag and drop the tiles to rearrange the order of your courses on the dashboard. This also rearranges the order in the **Courses** drop-down menu.

Only the first 12 tiles appear in the Courses drop-down menu.

The screenshot displays the Schoology interface. At the top, a blue navigation bar contains the Schoology logo and menu items: COURSES, GROUPS, RESOURCES, TOOLS, and AMP. On the right side of this bar are icons for search, a grid, a calendar, an email notification, a bell, and a user profile for Ms. Long. Below the navigation bar, the page is divided into two tabs: RECENT ACTIVITY and COURSE DASHBOARD, with the latter being active. The COURSE DASHBOARD features a grid of course tiles. The first row includes 'Language Arts: 1st Period' (Mount Castleville High School) and 'Arts: 1st Period, 2nd Period, 3rd Period, 4th Period' (Mount Castleville High School). The second row includes 'PD Course: HS' (Mount Castleville School District) and 'Language Arts: 2nd Period' (Mount Castleville High School). The third row shows two more 'Language Arts' course tiles. To the right of the course grid is a sidebar with two sections: 'Reminders' showing 44 ungraded assignment submissions and 1 ungraded discussion post, and 'Upcoming' showing no upcoming assignments or events. A 'Calendar' link is present in the 'Upcoming' section.

Alternatively, you may reorder courses from My Courses:

1. Click **Courses** and select **My Courses**.
2. From the **Manage Courses** panel, click **Reorder Courses**.
3. Drag and drop the tiles in the desired order.
